

2010 Essay Question:

Please identify 2 types of growth implants and describe the features, benefits, and drawbacks of each. In addition state your opinion as to how these implants could be beneficial or detrimental to the industry.

Guidelines for 4-Hers to follow:

1. Essay may be typed or handwritten, but it must be legible.
2. If the essay is typed then it must be double-spaced.
3. If the essay is handwritten, it must be single-spaced.
4. List your first and last name and the grade that you have just completed in an obvious place on your essay.
5. The essay must be turned in by the May meeting to be eligible for the essay contest. There will be a winner picked in each division who will receive an award at the banquet.
6. The essay must be turned in by the June work night to receive fair passes or complete the year in dairy feeder calf club.
7. Each member should write an essay of the appropriate length. The length of the essay should be determined by the grade that the 4-Her is in.

Rules for length are listed below:

3rd, 4th, & 5th graders will write ½ page

6th, 7th, & 8th graders will write 1 page

9th, 10th, 11th, & 12th graders will write 1 ½ pages
