GROWTH CHART

Measure your calf once a month and graph his growth on the chart below. An easy method is to use a weigh tape. To use, place the weigh tape around the heart girth, pull snug, and plot the weight on the first day of each month.

Name the dairy breed most often shown as a DFC at our fair. _____

What was there about your calf that made you pick him for your project? _____

Please describe the method of dehorning you used this year. _____ Who did

the dehorning? _____ What did you do to help with the dehorning? _____
